

AGENDA 2024

October 4 - 5, 2024

Canadian Association of Interventional Cardiology  Association Canadienne de cardiologie d'intervention

Friday, October 4, 2024

07:15 - 08:30	Breakfast Buffet	
07:45 - 08:30	Sponsored Breakfast Symposium	
08:30 - 08:45	Welcome Remarks	Welcome Remarks & CanCTO Vision - Ram Vijayaraghavan
08:45 - 09:10	Keynote Address	How to become a better complex/CTO operator
09:10 - 10:40	LIVE CASE SESSION 1: HIGH RISK SCENARIOS	LIVE CASE 1: CTO PCI with Hemodynamic support
		LIVE CASE 2: Complex PCI with reduced LV function
		Bullet Lecture 1: Hemodynamic monitoring in high risk PCI - pre, during and post PCI targets
		Bullet Lecture 2: CART: Reducing Risk and Improving Success
10:40 - 11:00	Refreshment Break - Industry Partner Booths	
11:00 - 12:40	LEARNING MODULES: Participants complete 3 workshops with each session lasting 30 minutes.	Bifurcation simulator: Step-by-step two stent bifurcation
		Optimizing bifurcation PCI with OCT
		IVUS in CTO PCI
		Impella troubleshooting
		Using Dual lumen catheters to wire difficult side branches
		Microcatheters: How to manipulate and trap
		Antegrade wires in CTO: Choosing and Using
		Retrograde Externalization: Step-by-step
12:40 - 13:10	Lunch - Industry Partner Booths	
13:10 - 13:55	Sponsored Lunch Symposium	
14:00 - 15:30	LIVE CASE SESSION 2: TOOLBOX	LIVE CASE 3:
		LIVE CASE 4:
		Bullet Lecture 3: The art of wiring a collateral
		Bullet Lecture 4: Management of high thrombus burden in complex STEMI
15:30 - 15:50	Refreshment Break - Industry Partner Booths	
15:50 - 17:30	LEARNING MODULES: Participants complete 3 workshops with each session lasting 30 minutes.	Bifurcation simulator: Step-by-step two stent bifurcation
		Optimizing bifurcation PCI with OCT
		IVUS in CTO PCI
		Impella troubleshooting
		Using Dual lumen catheters to wire difficult side branches
		Microcatheters: How to manipulate and trap
		Antegrade wires in CTO: Choosing and Using
		Retrograde Externalization: Step-by-step
18:30 - 23:00	Group Social Event	

AGENDA 2024

October 4 - 5, 2024

Canadian Association of Interventional Cardiology Association Canadienne de cardiologie d'intervention

Saturday, October 5, 2024

07:30 - 08:45	Breakfast Buffet	
08:00 - 08:45	Sponsored Breakfast Symposium	
08:45 - 09:10	Keynote Address	How to fail in CTO
09:15 - 11:00	LEARNING MODULES: Participants complete 3 workshops with each session lasting 30 minutes.	<ul style="list-style-type: none"> IVUS-guided Rotational atherectomy Orbital atherectomy ULCPCI step-by-step OCT and Balloon-based Ca modification Trapped gear Knuckle, STAR and alternative Re-entry Techniques Large vessel perforation Small vessel perforation
11:00 - 11:20	Refreshment Break - Industry Partner Booths	
11:20 - 12:50	LIVE CASE SESSION 3: CALCIUM	LIVE CASE 5:
	Moderator:	LIVE CASE 6:
	Panel 1:	Bullet Lecture 1: Guide extensions - tips and tricks
	Panel 2:	Bullet Lecture 2: Approach to the uncrossable lesion
	Panel 3:	
12:50 - 13:10	Lunch - Industry Partner Booths	
13:10 - 13:55	Sponsored Lunch Symposium	
14:00 - 15:40	LEARNING MODULES: Participants complete 3 workshops with each session lasting 30 minutes.	IVUS-guided Rotational atherectomy
		Orbital atherectomy
		ULCPCI step-by-step
		OCT and Balloon-based Ca modification
		Trapped gear
		Knuckle, STAR and alternative Re-entry Techniques
		Large vessel perforation
		Small vessel perforation
15:40 - 16:00	Refreshment Break - Industry Partner Booths	
	LIVE CASE SESSION 4: COMPLICATIONS	LIVE CASE 7:
	Moderator:	LIVE CASE 8:
	Panel 1:	Bullet Lecture 1: How to manage coronary dissection and hematoma
	Panel 2:	Bullet Lecture 2: Managing peripheral vascular complications: Toolbox and Techniques
	Panel 3:	Bullet Lecture 3: Procedural safety for the Interventional Team
17:30 - 17:40	Concluding Remarks and Feedback
